SECTION 6 (Added 10/17, 5.3.1 – effective 01/01/18)

6.1 Rules for the Conduct of FCI/CACIB Shows

This part of the Regulations is applicable only in respect of those dog shows in which a “Certificat d’Aptitude au Championnat International de Beauté de la FCI” (CACIB), award for the title “International Beauty Champion”, can be awarded.

At an FCI/CACIB Show ANKC Challenge Certificates counting towards the title of Australian Champion will also be awarded.

For these events a fee is charged by the FCI for every dog appearing in the catalogue, the amount of which is to be determined by the General Assembly of the FCI. This fee is due, on receipt of the catalogues and the CACIB/Res-CACIB lists of the show in question. This fee must be paid even if no CACIB-awards are granted. (The current fee is €1.3 per dog). It is the responsibility of the Member Body or Affiliate thereof conducting the show to ensure that this fee is paid.

6.2 Basics

In accordance with the FCI Associate Member Agreement, ANKC Ltd will conduct a minimum of 2 (two) CACIB Shows per year. Notwithstanding, ANKC will consider all applications received from any Member Body of ANKC or an affiliate thereof.

ANKC Ltd are solely responsible for determining in which dog shows in Australia the competitions for the CACIB can be held. These shows, which will also have been sanctioned by the FCI, must be indicated and designated as follows: “International Dog Show with attribution of the CACIB of the FCI”. The catalogue of these shows must be clearly marked with the FCI-logo and the following expression: “Fédération Cynologique Internationale (FCI)”.

6.3 Applications

Applications to have a CACIB International Dog Show sanctioned by ANKC Ltd, and subsequently by the FCI, must be sent in the first instance to the Member Body of ANKC Ltd where the show is planned to be held, no later than 18 months prior to the intended show date and, if the application is supported by that Member Body, is then to be forwarded to ANKC Ltd for consideration. If approved by ANKC Ltd the application is then to be forwarded to the General Secretariat of the FCI no later than 12 months prior, and no earlier than four calendar years prior, to the proposed date of the show.

6.4 Restrictions

Only one CACIB can be awarded in each sex, in every recognised breed and breed variety - in accordance with the FCI Breed Nomenclature- on the same day and at the same place.

No other CACIB show can be held the same days as a World or Section show takes place on that particular continent. Exceptional cases will be dealt with by the FCI General Committee.

If a show has to be cancelled because of force majeure or extreme weather conditions the organiser is recommended to partly refund the entry fees that have been paid, based on its own existing rules. The FCI will only authorize CACIB shows to be held on the same day provided that these events are held at a distance of at least 300 km. In case this distance is less than 300 km, the approval can be given provided that the organiser who first submitted an application gives his consent to the second applicant. In this case, appropriate dividing up of the FCI groups according to the FCI Breed Nomenclature, taking the show venues and days into consideration, is recommended.

At CACIB shows a breed must be judged, if possible, in one single day and the breeds of the same FCI group should also be judged in one day. However, it is possible to divide the groups over two days if needed for organisational reasons. The decision regarding sanctioning CACIB shows is the responsibility of the Executive Director of the FCI.

6.5 Special Requirements / Admission of Dogs

The dogs' welfare and health must be of **UTMOST PRIORITY** at all dog shows.

The organisers are requested to add the following message in the show catalogue, giving it sufficient visibility: The exhibitors are responsible for the welfare of the dogs at an FCI international dog show. It is forbidden to expose a dog to a situation that can be dangerous for its health and welfare, such as for example leaving it in the car in excessively hot or cold weather and/or treating it in a cruel manner.

The organisers must ensure that the only breeds that will be shown are those for which breed standards have been definitively or provisionally accepted by the FCI and which are registered with the studbook or with the appendix to the studbook (waiting list) of an FCI member country. The same will apply to a non-FCI member country whose studbook is, however, recognized by the FCI. Breeds that are not yet recognized (neither definitively nor provisionally) by the FCI, must be recognized at a national level and have pedigrees issued by a national kennel club that is a member or a contract partner of the FCI. These breeds cannot be incorporated in any group (they have to appear in a special section of the catalogue called "breeds not recognized by the FCI") and they are not eligible for the CACIB and for the various FCI titles. In addition, they cannot compete in the Best in Group finals. The normal FCI fee has to be paid also for each dog of these breeds. At all shows in which the CACIB of the FCI is awarded, the division into groups must be in accordance with the current FCI Breed Nomenclature. In case this ruling would not be observed, the FCI reserves the right to refuse future authorizations to award the CACIB at international shows.

These groups are as follows:

Group 1 Sheepdogs and Cattle- Dogs (except Swiss Cattle Dogs)

Group 2 Pinschers and Schnauzers – Molossoid Breeds - Swiss Mountain and Cattle Dogs

Group 3 Terrier Group

Group 4 Dachshunds

Group 5 Spitz and Primitive Types

Group 6 Scenthounds and related breeds

Group 7 Pointing dogs

Group 8 Retrievers – flushing dogs – water dogs

Group 9 Companion and toy dogs

Group 10 Sighthounds

At all shows with few entries the organisers are allowed to have different groups judged together in the ring of honour for "Best in Group" competitions; however this does not apply to World and Section Shows.

In accordance with the above provision, at FCI/CACIB Shows conducted in Australia the following groups may be utilized:

Group 1 Sheepdogs and Cattle- Dogs (except Swiss Cattle Dogs)

Group 2 Pinschers and Schnauzers – Molossoid Breeds - Swiss Mountain and Cattle Dogs

Group 3 Terrier Group

Combined Group 4 Dachshunds **Group 6** Scenthounds and related breeds **Group 10** Sighthounds

Group 5 Spitz and Primitive Types

Combined Group 7 Pointing dogs **Group 8** Retrievers – Flushing dogs – Water dogs

Note:

1. In accordance with the terms of the Associate Membership between ANKC and FCI all ANKC CACIB shows are to be conducted under FCI regulations including group nomenclature and breed standards for the duration of the event. This includes the awarding of National Challenge Certificates.
2. At ANKC CACIB shows clubs hosting the event will have the option of utilizing the 10 FCI Groups or combining the 10 FCI Groups into the 7 Groups as nominated in Clause 6.5 of these regulations. No other combinations may be utilized.
