Age pups sold	As early as possible	As early as possible	Not before 8 weeks	Not before 8 weeks
Pups registered with ANKC or Breed Register ?	Rarely	No	Yes	Yes
Are prospective buyers carefully interviewed?	No	No	Usually	Yes

NOTE:

A range of terms are used to group dog breeders according to their breeding standards and ethics. Explanations of how to evaluate breeders are not new and a number of examples are available on the internet, on social media and in books such as *Your Purebred Puppy; A Buyers Guide, Completely Revised and Updated* (Michelle Welton, Holt Paperbacks; Second Edition 2000). The authors of this table started with determining the attributes and practices that, in their opinion, define a 'responsible' breeder of purebred dogs.

The authors then used that benchmark to characterise what are likely to be the standards of practice used across the spectrum of descriptions of Australian breeders to assist puppy buyers to identify a responsible and ethical breeder from which to purchase a pup.
